

### Product Introduction

This smart spotlight uses low-power LED beads and a dedicated constant current power supply, reducing energy consumption and heat generation while extending the lifespan of the light. The product is radiation-free and complies with environmental standards, offering both safety and sustainability. Suitable for various indoor places such as hotels, shopping malls, exhibition halls, restaurants, and offices, it provides an elegant lighting atmosphere that enhances the ambiance and style of any room.

### Features

- Energy-efficient, saving 60%-80% more energy than traditional lighting
- Constant current source ensures longer lifespan and reliability
- High-purity aluminum casing with advanced heat dissipation
- Radiation-free, environmentally friendly design
- Support control via Belahome APP and HyPanel

### Specification

- Product model: R-D71012-9
- Input voltage: 100 ~ 240VAC, 50/60Hz
- Light source type: COB
- Light color: 2700K-6500K
- Luminous efficiency:  $\geq 48$  lm/W (2700K),  
 $\geq 55$  lm/W (6500K)
- Luminous flux: 454lm (2700K)  
512lm (6500K)
- Color rendering index (CRI):  $\geq 90$
- Beam angle: 24°
- Adjustable angle: 355°+25°
- Power: 9W
- Communication method: ZigBee 3.0
- Operating temperature: -20 ~ 40°C
- Protection level: IP20
- Housing material: Aluminum + PC
- Lens material: PMMA
- Product size:  $\Phi 85 \times 74$ mm (75mm hole)
- Certification: CE

## Networking method

1. Connect the device to power.
2. Press the reset button five times quickly (or toggle it on and off five times). The flashing light will indicate the device is in pairing mode.
3. Add the device to the network through the gateway device.
