

Mitel 6900 IP Phone Series

Versatile family of IP Phones designed for today's mobile work style

Key Features

- Quick and intuitive access to the feature-rich communication capabilities
- Ergonomic design optimized for comfort, sound and usability
- Plug-and-play simplicity lowers management resource needs
- Unparalleled flexibility through a broad array of accessories that enable the phones to be tailored to specific user needs

Mitel designs and builds our own IP desk phones to ensure that customers have the highest quality devices that are ergonomic and feature rich for a superior communication experience.

Customizable IP phone designed for the power user

The Mitel 6900 series is a family of powerful IP phones designed for users who need a phone that can be tailored to their specific communication needs. The 6900 series' rich feature set makes it ideal for use in a variety of environments from shared workspaces to dedicated answer points across a wide array of industries.

The PCLink feature enables seamless handling of both phone calls and PC audio through a single easy-to-use device. By connecting the phone to your favorite video collaboration solution, like Mitel's MiTeam Meetings or third-party solution such as MS Teams, Zoom, etc., you now have one centralized audio device for all communication. The enhanced full-duplex speakerphone and optional integrated DECT cordless headset give you the flexibility you need for the work-at-home or in-office environment.

The 6900 phones deliver crystal clear audio through a unique corded or cordless voice optimized handset and high-performance hands-free speakerphone. Unparalleled flexibility is achieved through a broad array of add-on user installable accessories that enable the phones to be tailored to specific user needs. The 6900 family provides the flexibility and capability needed to meet the demanding needs of today's users.

6900 IP Series

Mitel 6905 IP PHONE

The 6905 is the preferred phone for those who want basic communications functions packaged in a compact enterprise device. The 6905 features dual Ethernet ports, three programmable Personal Keys and a large 2.75" LCD display. The 6905's true HD handset and speakerphone provide remarkable wideband audio quality. Overall, it delivers exceptional value for businesses of all sizes.

Mitel 6920w IP PHONE

The 6920w is designed for power users who require a phone with a modern design that is flexible and delivers a high-quality communications experience. It provides flexible network connectivity options including wired Ethernet and built-in Wi-Fi to facilitate installation in work-at-home and corporate environments. The 6920w is built from the ground up to provide an exceptional HD audio experience with high-quality full-duplex speakerphone and support for Mitel's H-Series USB and EHS/DHSG headsets.

Mitel 6910 IP PHONE

The 6910 offers exceptional quality and standard telephony functions in an enterprise grade IP desktop phone. The Mitel 6910 features Dual Gigabit Ethernet ports and a large 3.4" LCD display with soft white backlighting and large fonts, making the screen easy to read in any lighting condition. With eight programmable keys, native DHSG/EHS analog headset support, and high-definition audio quality, the Mitel 6910 IP Phone is ideal for businesses of all sizes.

Mitel 6930w IP PHONE

The 6930w is designed for power users who need a phone that can be tailored to their specific communication needs. It provides flexible network connectivity options including wired Ethernet and built-in Wi-Fi to facilitate installation in work-at-home and corporate environments. The enhanced full-duplex speakerphone, cordless handset, and optional Mitel integrated DECT cordless or H-Series headset give you the flexibility you need to fit with the way you work.

Mitel 6940w IP PHONE

The 6940w is a powerful Wi-Fi equipped IP phone with a 7-inch color LCD display. It's designed for executive users who require an exceptional device that meets their demanding communications needs. The 6940w supports PCLink and MobileLink and provides flexible network connectivity options including wired Ethernet and built-in Wi-Fi to facilitate installation in work-at-home and corporate environments. The enhanced full-duplex speakerphone, cordless handset, and optional Mitel integrated DECT cordless or H-Series headset give you the flexibility you need to fit with the way you work.

Mitel 6920t / 6930t and 6930Lt IP PHONES

The 6900t IP Phones are built using plastics treated with an antimicrobial compound from BioCote that inhibits the growth of certain bacteria on the phone's plastic surfaces. The redesigned handset*

also minimizes crevices and holes that might collect germs, dirt, and grime.

Note: BioCote® technology does not protect users or others against disease causing microbes including COVID-19 and is not a substitute for good hygiene and/or cleaning practices.

BioCote® antimicrobial additives are EPA(US) registered. BioCote® is the registered trademark of Biocote Limited.

Mitel 6970 IP CONFERENCE

The Mitel 6970 IP Conference Phone is designed to make meeting easier and more efficient. A large 7" color touchscreen grants excellent visibility to an intuitive user interface for quick navigation to essential meeting information and functions. Enjoy crystal clear audio with high-definition speakers and 360-degree beam-forming microphones.

ACCESSORIES

Integrated DECT Headset

The Integrated DECT Headset delivers an extended range of up to 300 feet (100 meters) of personal area mobility, helping users avoid missed calls while stepping away from their desks. The base is powered by the phone eliminates having to find an available power outlet, which can be a challenge as often available outlets are all occupied by other desktop equipment. The Integrated DECT Headset is supported on Mitel 6930w/40w IP Phone models.

Bluetooth Handset

The Bluetooth Handset delivers clear sound without being physically tied to the 6900 IP desk phone. Support Bluetooth 4.1 and is charges via deskphone. Delivers a range of 30 feet (10 meter).

Optional on the Mitel 6930w IP Phone model and standard on Mitel 6940w IP Phone.

6900t Handset

The handset is protected with antimicrobial plastics and is built using BioCote® treated plastics. The handset's smooth surfaces and hard-wired cord make for easy cleaning, facilitating a more hygienic device.

The handset is redesigned to make it easier to clean by removed ribbs, hard-wired handset cord to eliminate the jack receptacle (a major trap for dirt and grime), and redesigned microphone grill to minimize crevices and holes that might collect germs, dirt, and grime.

Included with 6920t/6930t/6930Lt phones and is also sold standalone.

WLAN Adapter

The WLAN Adapter enables wireless 802.11 a/b/g/n dual band (2.4Ghz / 5Ghz) network connectivity for your Mitel IP Phones plus the Mitel Conference Phones. The WLAN Adapter supports Power over Ethernet (PoE) and is configurable via phone UI for 6920w/30w/40w/70 or via the PC.

M695 Expansion Module

The M695 increases the number of personal keys for users who need to monitor many phone lines and busy lamp fields. The expansion module with a 4.3-inch LCD color display is powered by 6900 phones. You can link up to three modules together and each module includes 28 programmable function keys x 3 pages (84 keys total). Supported on the Mitel 6920w, 6930w and 6940w IP Phone models.

S720 Bluetooth Speakerphone

The Mitel S720 Bluetooth (BT) Speakerphone allows you to instantly transform any room into a conference room for up to six people. Enabling all attendees to contribute while on a call thanks to the 360° microphone pickup and HD Voice audio. You can even extend the coverage to up to twelve people quickly and easily by wirelessly linking in a second Mitel S720 Bluetooth Speakerphone. Connects to the Mitel 6930w & 6940w IP Phones' built-in Bluetooth wireless interface and with BT dongle for 6920w.

6970 IP Conference Phone Extension Microphones

The 6970 extension microphone improves the audio quality in larger conference rooms. It supports directional microphone and comes with 8 feet (2.5 meters) wired connection. The microphone is equipped with a mute/unmute button and an indicator that show mute/active call. Supported on Mitel 6970 and are sold in pairs.

6900 Wall Mounts

The wall mounts enable more installation possibilities. It includes a 2-piece slide, lock design for simple installation with a 2-fixed phone angles (10°/20°) and a short ethernet cable.

The wall mounts are supported on Mitel 6920w, 6930w, and 6940w IP Phone models.
